JUSTHANDS-ON.TV QUILTING WEEKEND

Scrap Happy Quilts and Pieceful Projects

24-26 June 2011

Calling all fabricoholics -this is a weekend to remember. Justhands-on.tv brings you three great workshops to delight and entrance all comers from sheer beginners to advanced stitchers. Experiment with shape, form and pattern whilst you revel in comfortable accommodation, enjoyable food and the total attention of your expert tutors plus some fun and frolics thrown in for good measure. We've a choice of THREE workshops for this weekend.

Jelly Roll Delectation - Sarah Soward shares her exclusive JellyRoll quilt design developed just for this weekend. Bring along a beloved JellyRoll or purchase a new one in all your favourite shades and create a very special quilt. Alternatively you could raid your stash and be intriguingly creative with those fabrics you have saved for a special occasion (image just an example of one design available).

Rotary Cut and Scrap Stash Play - Valerie Nesbitt will introduce you to the mysteries of rotary cutting and then gently lead you through the delights of the classic Nine Patch to Log Cabin as well as a little Strip Piecing (just about as much fun as you can have with your clothes on!). Bring along all the spare materials that you are longing to play with (image just an example of one design available).

Tumble into 3D Design and More - Experiment with Jennie Rayment and explore the intricacies of shape and form with Tumbling Blocks, Baby Blocks and other 3D designs. Create a magical illusion with colour and dynamic design. From long diamonds to short diamonds and hexagons in between, there's no need to struggle over those difficult seams - it is just sew easy!
